

Rule Change Proposal 2009

The following rule change was proposed on 14-October by Commissioner Jeff. It was passed on 15-October via a 3-0 vote from the Fantasy Board of Governors. Yea votes were cast by Governors Seipel, Johnson, and Sidoriak. Governors Sullivan and Perlmutter officially abstained from the vote, citing a desire to deliberate further during the offseason.

Change the format of the league for the 2021 Season and beyond to a format resembling that of the Option 2 format previously proposed in Rule Change Proposal 2001A/2001B. The Commissioner will decide on the final league format with input from the Fantasy Board of Governors.

Commentary from Commissioner Jeff – We have unsuccessfully tried to adapt our league management system (My Fantasy League.com) to meet the requirements of our league. In my opinion, it is now time to adapt our league format to meet the requirements of our league management system. If this rule change proposal does not pass, then I plan to step down as commissioner effective at the end of the 2020 season.
